Don Kimlicka provided the following message through email:

Here are some items to note:

- 1) All that applied for FAP should have received everything, if not let me know and I will get you in contact with who can assist
- 2) The Scope of Practice attestation is nearing release, watch your email boxes as once this is released all services will need to complete it. The nice part is with this version the system will track everything so when it comes time for future revisions you will not have to completely fill out a new form, it will automatically fill in everything that you have placed before.
- 3) For those that remember or attended the EMS Section meetings I ran on Tuesdays, that ended in December to transition information to the Gov-D platform. This platform allows each person to join, and you can outline specific areas of interest to get email on. To register or make changes go to this site:
<https://public.govdelivery.com/accounts/WIDHS/subscriber/new>
- 4) Next EMS Board meetings will be held June 3-4 in person at 1 west Wilson in Madison or virtual through zoom, once we have all meeting information, we will try to get it posted to our website. If you do not find anything there within a week of the meeting, reach out to me and I can forward.

V. PSAP Update

Meagan Quaderer is the new director for the Ashland-Bayfield County Dispatch center. Any issues or concerns can be addressed to Meagan, Ashlee Larson, or Brenda Herlevi.

VI. EMS Coordinator

Bryan Ziemann accepted the position of Bayfield County EMS Coordinator and will start June 2nd.

VII. Adjournment
